MISSION STATEMENT

Opening hearts and minds through the grace and love of God

At All Saints Infant & Nursery School and Selston Infant and Nursery School children always come first and we try to nourish, challenge, prepare and inspire them within a Christian ethos.

We believe in valuing all who contribute towards the successful running of our schools including children, parents, carers, governors, teaching and non-teaching staff.

This Mission Statement lies at the heart of our schools' aims. It is the philosophical basis for all of the schools' policies and through these, for everything that happens in and round our schools. Our aspiration is for everyone at All Saints and Selston to:

- feel happy, secure, safe and valued at school
- develop a growing awareness of their own inner self and spirituality, and of the power of the Christian faith to transform lives
- develop healthy relationships based on care, trust, compassion and forgiveness
- show acceptance for and understanding of others who may have different beliefs or needs
- strive for the highest standards of achievement, developing the confidence and skills to be independent, motivated and self-disciplined learners
- have a positive approach to life, contributing to the well-being of the community and building hope for the future

We hope that children will leave our schools with open hearts and minds, ready to respond to the opportunities that lie before them and to experience the joy of life in all its fullness.

All Saints CE Infant & Nursery School and Selston Infant and Nursery School are fully committed to safeguarding and promoting the welfare of all pupils. We recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability. All staff are expected to uphold and promote the fundamental principles of British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs.

In formulating this policy, the governors have taken account of the guidance from the Department for Education (DfE) who has called for all public bodies to make explicit their preventative measures to minimise the threat of extremism in their settings.

DEFINITIONS AND INDICATORS

Radicalisation is defined as the act or process of making a person more radical or favouring of extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind.

Extremism is defined as the holding of extreme political or religious views.

The governing bodies of both schools have a **zero tolerance** approach to extremist behaviour for all community members. We rely on our strong Christian values to steer our work and ensure the pastoral care of our pupils protects them from exposure to negative influences. Furthermore, our positive promotion of our Christian values and behaviour codes equips our pupils with the skills to reject violence in all its forms.

AIMS AND PRINCIPLES

The main aims of this policy statement are to ensure that staff are fully engaged in being vigilant about radicalisation; that they overcome professional disbelief that such issues will not happen here and ensure that we work alongside other professional bodies and agencies to ensure that our pupils are safe from harm.

The principle objectives are that:

- Pupils are encouraged to adopt and live out our core Christian values. These complement the key “British Values” of tolerance, respect, understanding, compassion and harmonious living.
- Pupils are helped to understand the importance of democracy and freedom of speech, through the SEAL (Social and emotional aspects of learning) curriculum and through collective worship.
- Pupils are taught how to keep themselves safe, in school and when using the internet.
- Pupils participate in local community events so that they appreciate and value their neighbours and friends who may not share their faith background.
- Pupil’s wellbeing, confidence and resilience is promoted through our planned curriculum and out of hours learning opportunities.

- Pupils are supported in making good choices from a very young age, so they understand the impact and consequences of their actions on others.
- Governors, teachers, teaching assistants and non-teaching staff demonstrate an understanding of what radicalisation and extremism are and why we need to be vigilant in school.

The Office for Security and Counter Terrorism works to counter the threat from terrorism and their work is detailed in the counter terrorism strategy CONTEST. This strategy is based on four areas of work:

- **Pursue** - to stop terrorist attacks
- **Prevent** - to stop people becoming terrorists or supporting terrorism
- **Protect** - to strengthen our protection against a terrorist attack
- **Prepare** - to mitigate the impact of a terrorist attack

Our role is outlined more specifically in the DCSF document 'Learning together to be safe: A toolkit to help schools contribute to the prevention of violent extremism.'

Primarily our work will be concerned with prevention and is outlined more specifically in the DCSF document 'Learning together to be safe: A toolkit to help schools contribute to the prevention of violent extremism.'

This policy should be read alongside the schools' Safeguarding, Equalities, E-Safety and Anti-bullying policies.

PROCEDURES FOR REFERRALS

Although serious incidents involving radicalisation have not occurred at either school to date, it is important for us to be constantly vigilant and remain fully informed about the issues which affect the areas in which we teach. Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here' and to refer any concerns through the appropriate channels (currently via the Designated People, Head Teacher or Heads of School). This policy is strictly adhered to should issues arise.

THE ROLE OF THE CURRICULUM

Our curriculum promotes respect, tolerance and diversity. Children are encouraged to express themselves through discussions, debates and consultations. The R.E/ PSHE (Personal, Social and Health Education), Citizenship and SMSC (Spiritual, Moral, Social and Cultural) provision is embedded across the curriculum, and underpins the ethos of the school. Children learn about other faiths and visit places of worship and are taught about how to stay safe when using the Internet. (See also the British Values Statement on each school's website.)

STAFF TRAINING

Through INSET opportunities in school, we will ensure that our staff are fully aware of the threats, risks and vulnerabilities that are linked to radicalisation; are aware of the process of radicalisation and how this might be identified early on.

POLICY REVIEW

The Anti-Radicalisation policy statement will be reviewed annually as part of the overall Child Protection and Safeguarding policy review.

Date September 2022.
